The Prime Cut: Best Places for Food Manufacturing

Compass Ballroom

Meghan DiGiacomo, Senior Consultant, Global Location Strategies

With an increased demand for ready to eat products, elevated pet food and a renewed focus on sustainability, food manufacturing is one of the fastest-growing subsectors in manufacturing. Meghan will take a deep dive into the industry and will share trends, insights, and where Texas lands in the places for food manufacturing today.

1:00-2:00 PM

Teacher Externship Program: Bridging the Gap Between Education and Industry

Nautical Wheeler 1-2

Jan Jungmann, Business Retention & Expansion Manager, Allen Economic Development Corporation; **Danielle Davis**, Education Partnerships Coordinator, Workforce Solutions North Central Texas

Teacher Externships are a great way to bridge the gap between education and industry. Learn what an Externship is, the impact it makes on the future workforce, as well as how it meets challenges employers may be facing. Workforce Solutions for North Central Texas and Allen EDC teamed up to deliver an impactful externship experience to teachers in the Summer of 2023.

2:00-3:00 PM

The Forces of Economic and Job Market Change

Compass Ballroom

Richard Froeschle, Senior Labor Market Economist, Texas State Technical College

The economy continues to grow post-pandemic despite ongoing predictions of recession. Texas has experienced huge population growth, and the consumer is driving an economic expansion in which industries and occupations are experiencing solid but uneven growth. The tight job market and labor shortages have started to ease and the next generation is ushering in new perspectives about work values and employment preference. This session offers insights into these behavioral and macroeconomic trends and what they portend for the Texas labor market.

War Gaming the 2024 Election and the Setup for the Coming Legislative Session

Harvey Kronberg, Editor, The Quorum Report

Compass Ballroom

Elections always have surprises that lay the predicates for the next session. This presentation explores some of the possible outcomes and, sadly the likely dysfunction in 2025. The civil war inside the Republican Party is likely to reach its apex in the election and we will explore how's this will transform the personalities, politics and policy of the next session. We will also explore how the volatility of national politics impacts Texas, particularly Texas business.

Creative Use of Tax Increment Financing in Implementing Economic and Community Development Goals

Naina Magon, Principal, Hawes Hill & Associates; Gwendolyn Tillotsen Bell, Chief Economic Development Officer, Mayor's Office, City of Houston; Mary Buzak, Attorney, Bracewell

Compass Ballroom

This presentation describes how communities across Texas are using tax increment financing (TIF) to best support economic development initiatives and create high quality places. As a tool available to communities of all sizes, tax increment financing can be used to overcome increasing economic and community development challenges to spur development and re-development, create jobs, foster innovation, increase housing options, and provide quality-of-life amenities.

Thursday, June 6th

9:15-10:15 AM

Mobile Data Insights: Understanding Visitors, Labor Shed, Marketing and Growth Coastal Ballroom

William SaintAmour, CEO/Executive Director, Cobalt Community Research

In this session, you will be introduced to various types of geofencing. Attendees will learn how geofencing can be used, pitfalls to avoid, how to use data for tactical and strategic decisions, and what is coming down the road for this technology. Real life examples will be shared based on Cobalt's retail and recruitment applications.

10:15-10:30 AM

Break

10:30-11:30 AM

Comparing Incentive Value of Jobs Energy, Technology, and Innovation (JETI) Program and the Former Chapter 313 Compass Ballroom

Paul Scheuren, Principal and Economist, Impact DataSource

In this session, we will explore the differences between the sunset Chapter 313 program and the newly implemented JETI program. Using case studies, we will compare the typical tax savings achievable under Chapter 313 with those possible under JETI, and we will examine the different requirements of these two programs, highlighting situations where projects that were eligible for Chapter 313 incentives may not qualify under JETI. Additionally, we'll introduce a step-by-step JETI qualifier tool to assist in identifying projects that meet industry, investment, employment, and wage criteria.

11:30 AM-12:00 PM

TEDC Program Update: How to Maximize Your TEDC Membership for Advancing Your Career in Economic Development Coastal Ballroom

Regionalism: A Trending Economic Development Paradigm Shift Compass Ballroom

Ed Curtis, CEO, YTexas; **John Boyd, Jr.**, Principal, The Boyd Company, **Tracye McDaniel**, President, TIP Strategies; **Dave Porter**, Executive Director, Williamson County Economic Development Partnership

All 12 Texas regions play a pivotal role in Texas' dominant role in the global economy. Today, businesses care more about access to resources, talent, capital and innovation, and less about jurisdictional borders. Regional economies that lead the competition are the ones that utilize a cooperative, collective strategy to leverage local assets and address regional challenges. Learn from industry professionals on best practices that will take your organization to new heights.

Thursday, June 6th

1:45-2:45 PM

Rural Corporate Site Location Strategies and the Emergence of Municipal-Owned Industrial Parks

Coastal Ballroom

Wade Williams, Director of Corporate Site Selection, The Montrose Group

Rural regions present a mix of challenges, including slower economic growth and demographic constraints, alongside notable advantages such as lower operational costs and a conducive environment for manufacturing ventures. Wade will share strategies for communities, emphasizing the development of Public-Private Partnerships (PPPs), workforce enhancement, small business growth, and the targeting of specific industries. Participants will gain valuable insights into maximizing rural America's untapped potential for corporate and industrial expansion.
