

WWP COVID-19 RELIEF PROGRAM

Starting at 12:00 pm ET today, we will be accepting applications for one-time-only COVID-19 relief grant payments in the amount of \$1,000, to be paid directly to 10,000 eligible warriors who find themselves in urgent and significant need.

Only Warriors who meet *all* of the following criteria will qualify for consideration:

- Confirmed registration with WWP on or before April 8, 2020.
- Have themselves suffered a loss of personal employment/work income or are dependent on someone in their household who has suffered a loss of employment/work income due to COVID-19.
- Are currently unable to pay for their rent/mortgage, utilities, or food due to the loss of income resulting from COVID-19.

The application process opens today, Thursday, April 9 at 12 pm ET. Grants will be paid to those who meet the criteria, as they come in, until funds are gone.

HOW TO APPLY:

You will receive a separate email from covidgrantapp@woundedwarriorproject.org with a link to a grant application (sent to the same email address as this email). If you do not see the email, please look to your spam, junk or Promotions (Gmail) folder(s). Follow the directions in that email to apply.

Registered warriors are being asked to *only* apply for assistance if they absolutely need it due to financial hardships from COVID-19. This will enable us to help as many of those with urgent and significant needs as possible.

In times like these, we are reminded of how much we all depend on each other. We are honored and humbled to stand alongside you on your journey and thank you for all that you have sacrificed for our great nation.

To honor and empower,

Wounded Warrior Project
